

Smashville is a community-based organization that has been able to develop thanks to players volunteering to help with various tasks from painting, line taping and junk removal, to food preparation and event organization. We would love to have you come join both to play and help as well! Contact us at Play@Smashville.us with your talents!

New Mat Courts go in at Smashville!

Thanks to a major fundraiser and anticipated matching from the Pottstown Area Health and Wellness Foundation, Smashville was able to acquire two mat courts from Clear One in Canada. Dan Pirani artfully negotiated the commercial shipping and tricky customs paperwork. With the first one down, feedback is positive with players noticing a little more "bounce" in the surface than our current Yonex mat.
